

Associate Consultant - Financial Services (f/m/d)

Online seit 28.04.2025 | 2025-04-27-930417 | Absolvent:innenjob

Stellenbeschreibung

- **Create Impact for Our Clients:** Work alongside colleagues of all levels and clients worldwide to solve complex problems and drive meaningful change. Conduct research, conduct interviews, analyze data to gain insights, assess problems, and structure solutions and work on projects such as IT mergers, strategic transformations and CIO/CSO reorganizations.
- **Client Assignments:** Identify information sources, gather and interpret data, execute analysis, and present findings to your ALAIKA team members and client stakeholders. Take ownership of project deliverables, ensuring high-quality results and client satisfaction.
- **Grow & Take Over Responsibility:** Apply and develop your analytical, interpersonal, creative thinking, technology, and business management skills from day one. Take on increasing responsibility, contributing to both client projects and internal initiatives.
- **Support Sales Material and Proposal Development:** Assist in creating sales materials, developing proposals, and supporting external communications and events.
- **ALAIKA School:** Learn and collaborate with the best consultants in the technology and financial services areas.

Anforderungsprofil & Qualifikationen

- **Background:** Outstanding degree in an analytical field (e.g., Computer Science, Information Systems, Mathematics, Physics, Finance, Economics) from a top-tier university or an outstanding track record outside of university.
- **Relevant Experience:** Up to one year of full-time professional experience, ideally in a high-paced environment such as a top (VC-backed) startup, fast-growing company, top strategy consulting, or investment banking/venture.
- **Language Proficiency:** Fluency in English; additional languages such as German are a plus.
- **Entrepreneurial Spirit:** Proactive, takes ownership, and prefers to ask for forgiveness rather than permission.

- **Analytical Skills:** Strong analytical skills, with the ability to leverage data to drive informed decision-making and optimize processes.
- **Communication Skills:** Excellent communication and interpersonal skills, with the ability to build strong relationships with internal stakeholders and external partners.
