

Universitätsklinikum
Hamburg-Eppendorf

Want to play a video game and contribute to science? Join Our Study!

What's it about?

The Klinik und Poliklinik für Neurologie at Universitätsklinikum Hamburg-Eppendorf is looking for volunteers for **our behavioral study**.

During the study, you will participate in a **video game-like experiment** on a **tablet**, making decisions in a foraging task. Your goal will be to **collect as many points as possible throughout the game**. At the end, you'll complete a few short questionnaires.

How long?

The experiment will last for **1 hour and 30 minutes**.

What's in it for you?

You'll receive a **€20 expense allowance** for your participation.

When & where?

The study runs from **March 17 to April 29** at **UKE, building W34**.

Can you participate?

You can participate in the study if:

- You are between 18 and 40 years old.
- You are right-handed.
- Speak and read English fluently.

If you meet the above criteria and are willing to participate – or if you have any questions about the study - please send an email to valeria.simonelli@uniroma1.it, with the subject "Foraging study"
