

Participant for study of visual attention

Online seit 30.06.2025 | 2025-06-30-935119 | Sonstige

Stellenbeschreibung

What:

We are looking for participants for a study on visual attention. The study involves a visual detection task on a computer screen. While you perform the task, we record eye movements, accuracy and reaction time. Thereby, we want to find out how your attention changes during the task.

Where & When:

The study takes place at the German Primate Center (Hans-Adolf-Krebs-Weg 7, 37077 Göttingen). Appointments for the session will be scheduled via email. Each session lasts approximately 1.5 to 2 hours.

Anforderungsprofil & Qualifikationen

Who:

You can take part in the study if want to support scientific research and earn a small amount of extra money. We are looking for people who:

- Are between 20 and 35 years old
- Have normal or corrected sight (glasses, contact lenses, etc.)
- Have no history of neurological or current mental disorders (Migraine, Epilepsy)
- Are available for three different sessions on different days
