

# Project Manager (m/w/d) Retrofit

Online seit 28.02.2025 | 2025-02-28-925954 | Absolvent:innenjob

---

## Stellenbeschreibung

### Your tasks:

- Planning, coordination, execution and monitoring all aspects of retrofit conversion projects ensuring successful completion and customer satisfaction
- Taking ownership of the design and implementation of retrofits, in close collaboration with other technical departments if needed
- Creation of system layout, functional description and configuration of the mechanical parts lists
- Creation of specifications for system purchases
- Carrying out consulting and determining wishes and needs at customers' locations
- Acting as the main point of contact for customers throughout the project lifecycle
- Creating and adhering to the schedule and initiating the necessary measures in the event of a plan change

Managing the process of complaints until the warranty period expires in cooperation with the technical departments and the service center

## Anforderungsprofil & Qualifikationen

### Your profile:

- Degree in mechanical engineering, industrial engineering or comparable technical training background, ideally combined with further additional commercial degree
- First professional experience in B2B sales is an advantage
- Willingness to work in Bad Oldesloe (70%) and travel globally to establish direct customer contact (30%)
- Confident handling of MS Office products and CAD
- Bilingual - German and English
- Open-minded and convincing personality with a strong customer and sales focus

- Independent, diligent and flexible work behavior

## Vorteile für Mitarbeitende

- Flexible Arbeitszeit
- Hauseigene Kantine
- Weiterbildungsmöglichkeiten
- Mobile Office
- Home Office
- Betriebliche Altersvorsorge
- Dienstlaptop
- Rabatte
- Getränke
