

Student Assistant Research - Nordics (m/f/d)

Online seit 26.09.2024 | 2024-09-26-891443 | Werkstudent:in

Stellenbeschreibung

- Assisting our editors in creating online statistical content, covering key industries within a variety of regional focuses
- Processing and publishing data and editorial texts in English for the Statista.com platform, following our editorial style
- Managing web content using Statista's own content management system (CMS)
- Developing a better understanding of data and quantitative research, as well as gaining SEO-optimized writing skills, in order to produce text with a statistical focus

Anforderungsprofil & Qualifikationen

- Enrolled as a full-time student anywhere in Germany – bachelor's or master's programs (this condition is mandatory) – please inform us how much longer you will be studying
- Interested in **Society, Politics and Economics** industry topics
- Exceptional editorial English skills with a good knowledge of Scandinavian languages (**please send a cover letter in English**).
- Ability to describe complicated data in a concise and understandable manner, displaying attention to quality and accuracy
- Prior writing experience (**please send us samples**) and interest in developing in this area
- As this is an editorial position, please note that we can only consider candidates who provide us with their cover letters.
