

Student Assistant (f/m/d)

Online seit 08.11.2024 | 2024-11-07-900739 | Studierendenjob

Stellenbeschreibung

The Max Planck Institute currently has an immediate opportunity for a bachelor's or master's student who is enrolled at a university in Germany and interested in working around 8 hours per week as a student assistant for Dr. Philipp Golka on his research project "Climate Crisis and Wealth Inequality: Towards a Sociology of Asset Stranding."

You will work at a renowned research institute in an international environment. You will have access to the MPIfG's data and library resources and the opportunity to participate in events organized by the Institute. As part of a fixed-term employment contract (WissZeitVG), we offer remuneration in accordance with the Max Planck Society's guidelines on support for junior scientists; the current rates are 13.08 euros per hour for bachelor's students and 13.56 euros per hour for master's students.
