

Working Student – Research (m/f/d)

Online seit 18.02.2025 | 2025-02-18-925004 | Werkstudent:in

Stellenbeschreibung

As a Working Student (m/f/d) in the Data department, you will support us in research and quality assurance of data in the eCommerce sector. You will work closely with our team, taking on supportive tasks to efficiently provide high-quality data and ensure data accuracy.

- Conducting research on companies in the eCommerce sector
- Systematic data collection of characteristics of online stores (e.g. payment and delivery methods)
- Open desk research and preparation of relevant key figures for our database

Anforderungsprofil & Qualifikationen

- University student enrollment in one of the following subjects: economics and social sciences, politics, sociology, psychology, or a comparable field
- Independent and diligent work with a high degree of reliability
- Basic understanding of eCommerce and general economic contexts
- Practical MS Excel experience is a plus
- Fluent in English, German language skills are an advantage
- Availability to work 15–20 hours/week
- 1-2 office days per week, home office possible

Vorteile für Mitarbeitende

- Flexible Arbeitszeit
- Home Office
- Obstkorb

- Getränke
