

Hanns R. Neumann Stiftung (HRNS) is a German foundation and follows three objectives: Improving the social and economic situation of smallholder farming families in tropical countries, protecting nature and the environment, and promoting the prospects of youth.

HRNS realizes its objectives as an implementer and as a co-financier through hands-on projects in the areas of agriculture, family business management, youth, gender equity, climate, and farmer organization development; engagement and collaboration with like-minded partners in the public and private sectors; and sharing of experiences and motivations with third parties to create synergies and benefit from each other's knowledge.

HRNS is headquartered in Hamburg and has offices in Guatemala, Brazil, Tanzania, Uganda, Ethiopia, and Indonesia. Joining HRNS means being part of a diverse multicultural team of about 260 people with varied backgrounds, experiences and perspectives. We follow the principle of equal opportunity and are determined to ensure that no applicant or employee receives less favourable treatment.

Hanns R. Neumann Stiftung

For our Hamburg office we are immediately looking for a

Working Student (f/m/d) coffee&climate toolbox

20 hours/week, fixed-term contract

to upload pre-created content to a web app, the coffee&climate toolbox, and maintain the backend. The position offers insight into international development, digital knowledge management, and climate change adaptation in coffee farming.

Key Responsibilities:

- Upload pre-created agronomic specialist content on climate-smart coffee-growing practices.
- Generate AI-based content translations.
- Coordinate the translation and review process with the worldwide HRNS offices.
- Work closely with HRNS international team members to ensure all information is correctly integrated.
- Ensure the correct and timely integration of approved content in coordination with the c&c Toolbox Manager.
- Support backend management of the c&c toolbox (e.g., content categories, metadata, and media uploads).
- Contribute ideas to improve user experience or visual presentation of the c&c toolbox content.

Qualifications and Experience:

- Enrolled student (f/m/d) of a Bachelor's or Master's degree at a university, preferably with a focus on computer sciences or digital media. Other fields of study may include international development, agronomy, biology, or sustainability.
- First professional experience, e.g. through internships, is valued.
- Confident handling of content management systems, ideally Sanity.
- Quick comprehension.
- Careful work and proactive thinking.
- Efficient and goal-oriented work style.
- Fluent in written and spoken English and good German skills. Other relevant languages are an advantage: Spanish, Portuguese, Indonesian, Swahili, Luganda, Amharic, or Oromo.

Benefits:

- "Deutschland-Ticket" as a job ticket.
- Pension scheme with employer contribution.
- Participation in language courses and other training programs.
- Option for hybrid working.
- Flat hierarchy, team events, central office location, and more.

How to apply:

If you are interested in the position and feel you match the above qualifications and experience, we welcome you to apply. Please send your updated CV and a cover letter with salary expectations and preferred date of commencement to jobs@hrnstiftung.org by **12th December 2025**. Only short-listed candidates will be contacted.
